THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.fei.org.

The FEI insures all FEI Officials, whose names are published in the FEI Officials lists, against third party liability including Judges, Course Designers, Technical Delegates, FEI Stewards, FEI Veterinary Delegates, Para Classifiers, Members of the Judges' Supervisory Panel and FEI Coaches (FEI MCP Veterinarians are covered under a different policy):

SCHEDULE – 2013 FEI EUROPEAN CHAMPIONSHIP JUMPING

The insurance extended is for any liability that the FEI Official incurs to a third party, and for the costs of defending any such claim arising as a result of actions undertaken by the FEI Official in good faith (including errors and omissions) on behalf of the FEI. However, the insurance for obvious reasons does not extend to any liabilities incurred as a result of an FEI Official's dishonest, fraudulent, malicious, and/or illegal act.

Should an FEI Official become aware of an incident that he or she believes might result in a claim, that FEI Official should notify the FEI immediately and provide all of the facts known to the FEI Official. The FEI cannot guarantee the insurance coverage described above in circumstances where the FEI Official has good cause to believe that there might be a claim and does not provide such timely notice directly to the FEI.

Competitors must have taken part in the first competition (completed or not) and have completed the second competition (without having been eliminated or having retired) or have taken part in the first competition (completed or not) and have completed the first round of the second competition as well as the round replacing the second round of the team competition for individual and members of teams not qualified for the second round of the team competition (without having been eliminated or having retired). Starting Order:

Round A -The starting order for Round A will follow the reverse order of penalties incurred in the first and second competitions. SCHEDULE – 2013 FEI EUROPEAN CHAMPIONSHIP JUMPING

round of the team competition. In the event of equality of penalties, the score of the first competition will decide the starting order. The 25th qualified will, therefore, start as number one.

Round B - The starting order for Round B will follow the reverse order of total penalties incurred in Round A of the Final competition, as well as in the first and second competitions. For those individuals and members of teams not qualified for the second round of the team competition the starting order will follow the reverse order of total penalties incurred in Round A of the Final competition, the first competition and the first round of the second competition, as well the round replacing the second round of the team competition. The competitor with the most penalties will start first; the competitor with the least penalties will start last. In the event of competitors with equality of penalties, the score of the first competition will decide their starting order.

Classification – Individual Placing:

The individual placing is determined by adding together for each competitor the penalties incurred in the first competition, as well the two rounds of the second competition (disregarding the penalties incurred in the jump-off if there is one) and the two Rounds A and B of the third competition. For those individuals and members of teams not qualified for the second round of the team competition their score in the second round qualifier counts instead of the second round of the team competition.

The competitor with the least penalties will be placed first and declared the FEI European Champion.

In the event of equality for one of the first three placed after Round B of the third competition, there will be a jump-off against the clock at a speed of 400 m. per minute over 8 obstacles from the courses of Rounds A and B. The competitors will be invited to inspect the jump-off course.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place.

If after the jump-off there is equality of penalties and time for one of the first three places, competitors concerned will be placed equal.

FEI Medals for the athletes placed first, second and third.

Annex I FEI Entry System

The FEI Entry System will be deployed gradually starting 1st January 2013, involving in the beginning some pilot NFs. The concerned NFs have already been contacted by the FEI IT Department. The full deployment of the FEI Entry System is expected by July 2013.

The calendar of selected events for the gradual launch of the FEI Entry System can be found on our website :

http://www.fei.org/sites/default/files/file/ITNews/List_of_Events_for_Gradual_Launch.pdf

FEI Entry system is a key process in sport that involves all event stakeholders: National federations, Organising committees and the FEI

This new service for the national federations and the OCs improves exchange, communication between the OC and the invited federations and gives a better quality and traceability of the data.
